

Travel certificate

You should print this certificate off and ask your GP to complete the details in plenty of time for you to travel.

The holder of this certificate suffers from a life threatening allergy which could result in an anaphylactic reaction.

He /she needs to carry an adrenalin auto-injector for immediate emergency self-treatment. For this purpose, it is essential for the patient to carry their auto-injector device with him / her at all times including whilst on an aircraft.

The Auto- Injector or does not endanger other passengers or flight personnel.

Please be aware of this traveller's health risk.
